

Brian Stueber Bio:

I am a veteran to the area - raised on a family farm 4.5 miles north of Hanska. I farmed alongside my parents and showed hogs in 4-H and FFA, at the Brown County Fair and the Minnesota State Fair. I graduated from New Ulm Public in 1980, worked off farm at Schell's Brewery and New Ulm Ford Tractor as parts man. I married my wife, Jody, and we live three miles north of Hanska. I started working at the Farmers Coop of Hanska in 2004 as the Refined Fuel truck driver and in oil sales & delivery. In February 2015, I was promoted to Energy Manager and continued with fuel sales and delivery. I really enjoy being on the fuel truck, as it allows me to keep in touch with my customers one-on-one. We pride ourselves on providing the best service in the area! Stop down at the Energy Department if you have any questions or concerns.
